

Searching

All : Long, long time ago my heart was burdened with sin,
Head bowed down in sorrow the devil had me troubled within
I started out seeking salvation, had a hard time resisting temptation
So I kept on searching till I found the King of Kings

Refrein:

Dam : Well I kept on searching, searching Kept on searching till I found Him
Kept on searching, searching, kept on searching till I found Him
Kept on searching, searching, Kept on searching till I found Him

Her : Changed my heart

Dam : Changed my heart so I could live right

Her : Changed my mind

Dam : Changed my mind so I could think right

Her : Changed my mouth

Dam : Changed my mouth so I could talk right

Her : Changed my feet

Dam : Changed my feet so I could walk right

Her : I kept on

Dam : searching till I found the King of Kings

All : Looking high and low along that wandering way
My soul was full of longing until one glorious day
It was when my anticipation Gave way to sweet consolation
That I kept on searching till I found the King of Kings.
